Liejamos vidaus dangos

Liejama EPDM guminė danga skirta žaidimų aikštelėms. Atitinkanti ES nustatytus saugumo standartus (LST EN 1176).

Saugi danga sušvelninti ir sugerianti smūgį kritimo atveju. Danga yra aukštos kokybės, ekologiška, kadangi danga gaminama perdirbant medžiagas. Danga yra puikus sprendimas darželiams, parkams ar miesto žaidimų aikštelėse, kadangi danga nereikalauja ypatingos priežiūros, yra atspari UV spindulių poreikiui, greitai džiūsta. Danga yra universali, ją galima pritaikyti daugeliui reikmių. Taipogi danga yra ilgaamžiška, bei turi didelį spalvų asortimentą. Liejant dangą galima maišyti dangas tarpusavyje, išgauti įvairias geometrines figūras, ar piešinius.
